Activity 2 Paper Tie

Father's Day Celebration (17 June) –

"The greatest gift I ever had, came from God. I call him dad. Help your ward in creating a paper tie for his/her

father . It can be a pleasant surprise and fun craft activity. Here's a simple guide to make one:

Materials needed:

- Colored chart paper (preferably in your father's favorite color or pattern)
- Scissors
- Glue or double-sided tape
- Marker or pen (optional, for decoration)
- Decorative material as per availability

Instructions:

- Start by choosing the color of paper you want to use for the tie. You can use a single color or mix and match different colors for a more vibrant look.
- Cut out a large rectangle from the paper for the main part of the tie. The size of the rectangle will depend on how big you want the tie to be. A typical size for a paper tie would be around 8-10 inches long and 4-6 inches wide.
- Next, cut out a smaller rectangle from a different colored paper for the knot of the tie. This rectangle should be slightly smaller than the main part of the tie, about 4-5 inches long and 2-3 inches wide.
- Fold the larger rectangle (main part of the tie) in half lengthwise to create a crease down the center. This will be the fold of the tie.

- Take the smaller rectangle (knot) and fold it in half lengthwise as well. Then, fold down the top corners to create a triangle shape at one end. This will resemble the knot of the tie.
- Open up both the main part of the tie and the knot. Apply glue or double-sided tape along the backside of the knot, then place it at the top of the main part of the tie, aligning the folded edges.
- Press down firmly to secure the knot in place. Allow the glue to dry completely.
- If desired, you can use a marker or pen to add decorative elements to the tie, such as stripes, polka dots, or a message for your father.
- Once the tie is complete, you can present it to your father as a thoughtful handmade gift. He'll surely appreciate the effort and love you put into making it!

FUN WITH CVC WORDS

Activity: Wind Chime:

Creating a wind chime with CVC (Consonant-Vowel-Consonant) words can be a fun and educational activity.

Enjoy making it with your ward and have fun listening to the sounds of CVC words!

Material Required:

- ✓ Index cards or cards cut from thick chart paper or card board

- ✓ Crayon stick or coloured marker
- ✓ Punch machine
- ✓ String or yarn 12-18 inches long
- ✓ Small bells or shells
- ✓ Wooden stick or a big ring or any shape you want to cut Instructions:

Choose CVC words:

Revise and select a few CVC words of 'a' sound that your ward wants to incorporate into his/her wind chime. You can take 'an', ag, am, at, ap, ad, ab sounds for examples "cat," "pan," "bag" "dam," etc. you can write 15- 21 words on your cards.

Write the words:

Write each CVC word on an index card or a piece of cardboard using a marker. Make sure that the letters are clear and easy to read.

Punch holes:

Use a hole puncher to create a hole at the top of each index card.

Attach bells:

Cut several lengths of string or yarn, each about 12-18 inches long.

Thread one end of each string through the hole in an index card and tie a knot to secure it. Then, attach a small bell or chime to the bottom of each string as shown in the picture.

Assemble the wind chime:

Tie the loose ends of the strings to a central ring or stick, leaving enough space between each index card and bell so they can move freely and make sounds when the wind blows.

Hang and enjoy:

Find a suitable place to hang your CVC words wind chime, such as near a window or in your garden. As the wind blows, the index cards and bells will move and create different CVC words, providing a fun and educational experience.

Must do:

- ☐ Drink lots of water / juices and eat healthy food.
- ☐ Do five good deeds (caring, sharing, etc) ☐ Read every day. Watch less of T.V.

School will Reopen on: -1st July
2025

Have fun and be safe!
