

CHILDREN'S ACADEMY B BLOCK GHAZIABAD

NEWSLETTER

Dear Parents

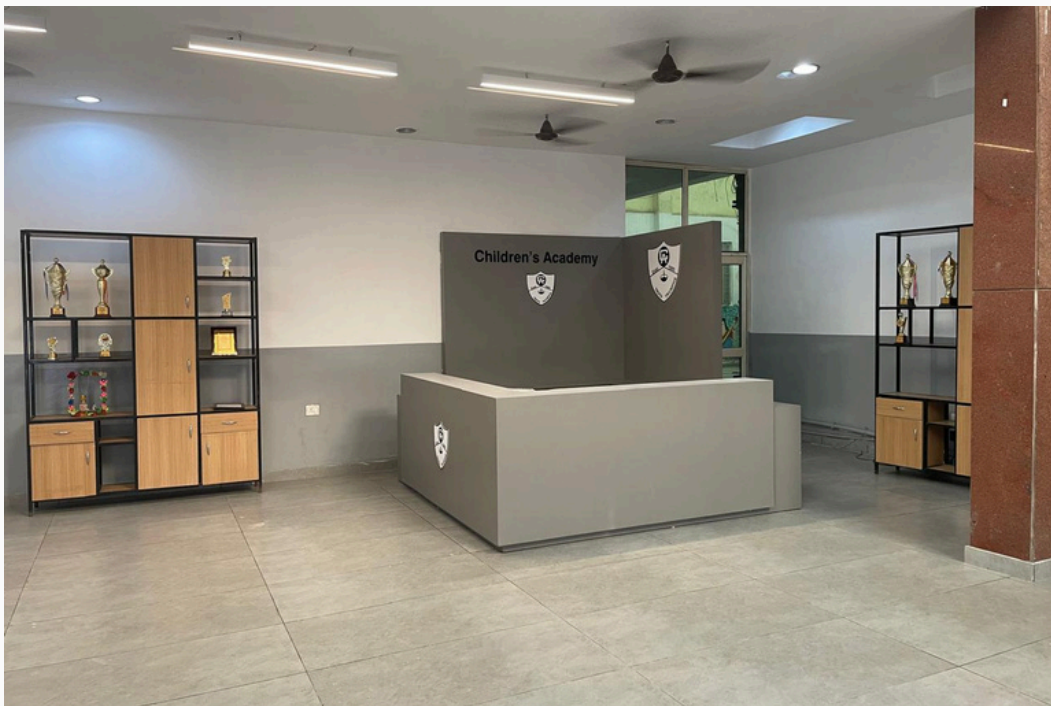

Life is a journey and it is all about learning

With a 40-year legacy, Children's Academy embodies a commitment to holistic education, offering our students immense learning experiences and diverse academic pursuits through innovative and progressive methods.

We strive to strike a perfect balance between the school curriculum and extracurricular activities, believing that education should evolve from mere knowledge acquisition to the development of skills and wisdom, fostering cooperation over competition, unity over division, and a deeper understanding of how to live meaningfully.

Our goal is to empower our students to become self-directed and resilient individuals, capable of navigating life's challenges with confidence. We emphasize not only soaring to new heights of opportunity but also remaining grounded in our values.

We are pleased to share the recent enhancements in our school infrastructure aimed at providing a more comfortable and conducive environment for learning:

RENOVATED PARENT LOUNGE

Our newly renovated parent lounge and reception area have been designed to offer a welcoming space where parents can connect, relax, and engage with the school community.

INCREASED CLASSROOM SIZES

We have expanded the size of classrooms to create more space for interactive learning environments, ensuring that each child has ample room to explore and grow academically.

AIR CONDITIONED CLASSROOMS

We have introduced air-conditioned classrooms specifically for Nursery, LKG and UKG ensuring a comfortable and conducive learning environment throughout the year.

ACTIVITY ROOM WITH SMART TV

Equipped with a Smart TV, the new activity room in the junior block aims to stimulate educational activities, enhancing the learning experience for our youngest students.

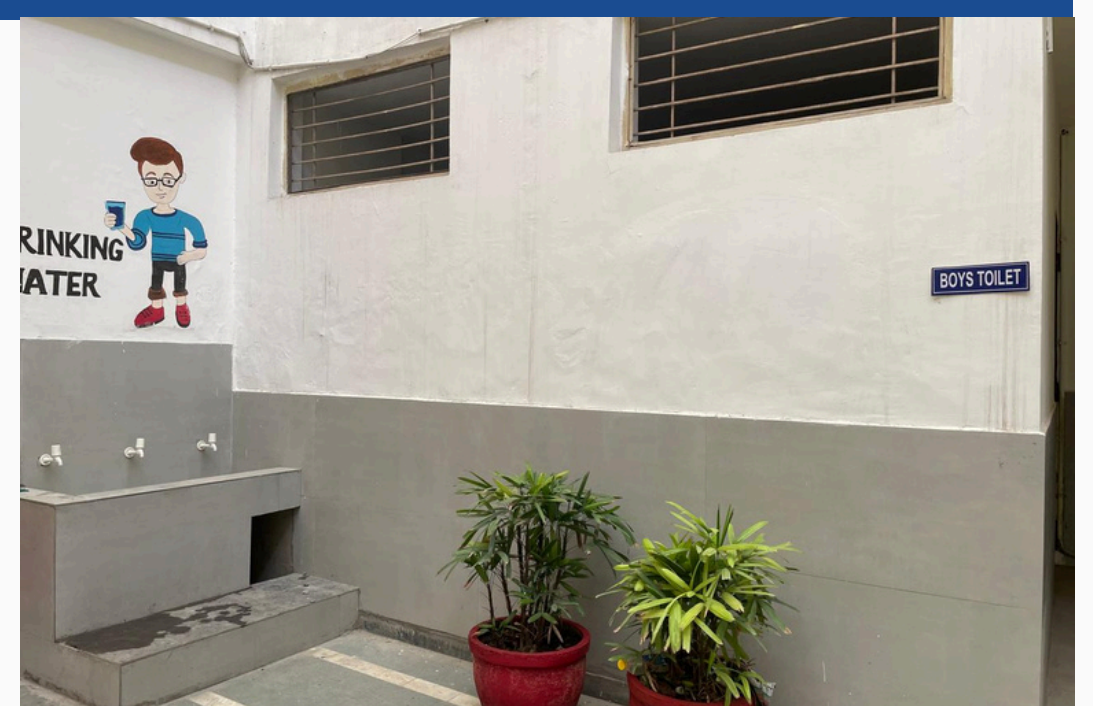

NEW SCIENCE LAB

To inspire scientific curiosity and hands-on learning among students, new science lab will provide a dedicated space for scientific exploration and prepare students for future challenges in STEAM fields.

NEW WASHROOMS

Newly constructed washrooms for junior students now provide enhanced facilities that prioritize cleanliness, accessibility, and comfort, contributing to a healthier school environment.

These enhancements reflect our ongoing commitment to providing a modern, safe, and supportive learning environment for our students. We look forward to your continued partnership as we strive to nurture and educate the leaders of tomorrow.

Thank you for your unwavering support and trust in Children's Academy.

Blessings and best wishes!

Regards

Dr. Sandhya Ghosh
